

QUALITY MANAGEMENT POLICY

(ISO 9001)

Our goal is to achieve a standard of quality equal to or better than the best available in the market we serve. This is our expression of our commitment to our customers. We recognise that we exist because of our customers, not for ourselves.

We believe that people are the most important prerequisite for quality performance.

We believe that complete involvement and commitment of all people at all levels; an environment which fosters team and individual growth through empowerment of people; and adequate, simple and straight-forward practices and procedures which place trust in people will lead to a successful quality program within the company.

VISION

Become an internationally recognized center of excellence in the field of electrical and flow measurement delivering highest integrity measurement services to customers.

The company quality objectives are arrived at the Annual Business Plan meet and monitored periodically through monthly meetings. The review is with respect to performance vis-à-vis the targets set.
